The Red Pill - Men's Rights

DOCUMENTARY - Gravitas Ventures

1:57:46 - August 10, 2022

When feminist filmmaker Cassie Jaye sets out to document the mysterious and polarizing world of the Men's Rights Movement, she begins to question her own beliefs. Jaye had only heard about the Men's Rights Movement as being a misogynist hate-group aiming to turn back the clock on women's rights, but when she spends a year filming the leaders and followers within the movement, she learns the various ways men are disadvantaged and discriminated against. The Red Pill challenges the audience to pull back the veil, question societal norms, and expose themselves to an alternate perspective on gender equality, power and privilege.

This would be an unbelievable story if we were not already in upside down world. Jeffrey Younger's ex-wife is forcing their 9-year old son to transition into becoming a "girl", and a Texas jury says that's just fine, and Dad has no rights. As E. Michael Jones has said, Hell is the absence of logic. August 31, 2021
