

Local Organizations:

Our group of concerned citizens trying to bring awareness to human trafficking, especially child trafficking, came about after following Ally Carter, a CPS/trafficking/satanic ritual abuse/MKUltra survivor, and her adoptive mom who went viral after a rant on IG where she started naming names. BIG names. That was in Nov 2020. They have been on the run ever since. That next month they encouraged all of us to get out on the streets with signs letting people know how real, how prevalent, and how deep it goes. After that first event in Arlington, I continued doing them monthly in Highland Village, a little closer to home. We'd love y'all to join us. Find us on Facebook and Telegram as "NTx Citizens against Human Trafficking". You can find Ally and her mom on Telegram under "Ally and Shelly." They are educating us on all the ins & outs of trafficking all while dropping truth bombs and encouraging boots on the ground action since we have to be the voice for the voiceless.

Maybe you didn't know that ...

Human Trafficking is a \$150 billion industry, led only by drug and arms trafficking.

2 Million children are victims of child sex trafficking each year across the globe.

Porn is a \$97 Billion global industry. CHILD porn accounts for \$32 Billion of that.

Every 30 seconds a child is sold for Sex, Labor, or Organ Harvesting.

The average victim is raped 6,000 times.

The life expectancy for sex trafficking victims is less than 7 years.

Now that you know, what are you gonna do about it?
