

They know what they saw.

They kept it inside.

Until now.

The Responders

BREAKING THE SILENCE

THE RESPONDERS: BREAKING THE SILENCE is a documentary film directed by John Kirby, produced by Libby Handros. It features interviews with first responders and survivors of the 9/11 attacks. The film is a powerful and moving portrait of the heroes who saved lives on that fateful day. It is a must-see for anyone who wants to understand the true story of 9/11.

**THEY KNOW WHAT THEY SAW.
They Kept it inside. Until now.**

The bottom line here is that American public has not been told the complete truth about the events on that fateful autumn morning. What happened on 9/11 is fundamentally important but equally important is the way the 9/11 coverup signifies an absent of democratic transparent and accountable government.

Establishing the truth is in part about restoring honesty and trust and confidence in the American Political system.
